Re: 55-85390

Dear Mr. Reed:

In researching some records I note that there has been no completion report filed for the well you purchased from Larry Giles. I am enclosing this form if you have pump equipment installed, I would appreciate if you would complete the form and submit it to the Department.

If you have any questions, please call me at (602) 255-1581 or write to the above address.

Sincerely,

Marge Watson

COMPLETION REPORT

1. Completion Report to be filed with the Department within 30 days after installation of pump equipment.

2. The tested pumping capacity of the well in gallons per minute for a non-flowing well should be determined by measuring the discharge of the pump after continuous operation for at least 4 hours and for a flowing well by measuring the natural flow at the land surface.

3. Drawdown of the water level for a non-flowing well should be measured in feet after not less than 4 hours of continuous operation and while still in operation and for a flowing well the shut-in pressure should be measured in feet above the land or in pounds per square inch at the land surface.

4. The static groundwater level should be measured in feet from the land surface immediately prior to the well capacity test.
