23 **ARIZONA DEPARTMENT OF WATER**
24 **RESOURCES' NOTICE OF FILING**
25 **MAPS**

26 (Special Master Susan Ward-Harris)

CONTESTED CASE NAME: *In re Luebbermann*

HSR INVOLVED: San Pedro River Watershed Hydrographic Survey Report

DESCRIPTIVE SUMMARY: The Arizona Department of Water Resources ("ADWR") provides notice of filing the maps as requested by the Court in the Minute Entry filed August 6, 2018.

NUMBER OF PAGES: Three and four-page attachment

1 **DATE OF FILING:** September 10, 2018

2
3 During the July 18, 2018 status conference in this matter, the Court ordered
4 counsel David Brown to electronically transmit his parcel maps to ADWR so that the
5 maps could be overlaid to include township, range, and property boundaries. On August
6 10, 2018, Mr. Brown submitted maps for the Turcotte parcel and the Rychener parcel to
7 ADWR. Mr. Brown also provided ADWR with GPS points collected by his clients in an
8 effort to confirm the boundaries and locations of currently irrigated fields.

9 ADWR has prepared Map A and Map B (attached), which display the parcel
10 boundaries and GPS points submitted by Mr. Brown. The polygonal (geometric) areas
11 taken from the maps submitted by Mr. Brown are shown in red on Map A and in aqua on
12 Map B. The red irrigated area depicted in Map A is approximately 5.1 acres in size. The
13 aqua irrigated area depicted in Map B is approximately 5.3 acres in size.

14 The GPS points submitted by Mr. Brown were used to create the shape outlined in
15 yellow on the maps. The area outlined in yellow on Map A is approximately 6.0 acres in
16 size. The area outlined in yellow on Map B is approximately 4.6 acres in size.

17 The maps also show the irrigated areas as they were mapped in the 1991 San Pedro
18 HSR I (“HSR”), which are outlined in blue on the maps. In the HSR, PWRs IR002 and
19 IR003 (Turcotte parcel) totaled 5.41 acres in size (4.0 acres for IR002; 1.41 acres for
20 IR003), and PWR IR001 (Rychener parcel) was determined to be 5.3 acres in size. It
21 should be noted that the quantities of water for irrigation use listed in the HSR may have
22 to be re-calculated due to changes in irrigated acreage.

23
24 ADWR hereby provides notice of filing the overlaid maps, copies of which are
25 attached hereto (Attachment A) and copies of the maps provided by Mr. Brown
26 (Attachment B). This notice and all attachments are being posted to ADWR’s website.
