**Re: Third Management Plan (TMP) Maximum Annual Water Conservation Allotment for Corte Bella Golf Club**

Dear Mr. Jackson:

The Department has reviewed your facility's as-built plan and has calculated a maximum annual water conservation allotment for your facility using the formula set forth in the TMP and information supplied by you regarding the types and quantity of landscaping currently present within the facility. The purpose of this letter is to inform you of that allotment.

**Maximum Annual Water Conservation Allotment: 599.24 acre-feet**  
(Beginning with Calendar Year 2017)

The Department has determined that Corte Bella Golf Club.

Total Turfed Acres	Total Low Water Use Acres	Total Water Surface Area Acres
89.91	95.45	2.50

The maximum annual allotment for Corte Bella Golf Club has been calculated as follows:

**TMP Maximum Annual Conservation Allotment (Beginning with Calendar Year 2017):**

Turfed Acres:  $89.91 \times 4.9 = 440.56$  acre-feet  
Low water use landscape:  $95.45 \times 1.5 = 143.18$  acre-feet  
Water surface area acres:  $2.50 \times 6.2 = 15.50$  acre-feet

---

**Total Maximum Annual Water Conservation Allotment: 599.24 acre-feet<sup>1</sup>**

<sup>1</sup> In the TMP, *Turf acres* are defined as an area of land within a turf-related facility that is watered with a permanent water application system and planted primarily with plants not listed in the TMP Appendix 5-L (Low Water Use Plant List - Phoenix AMA). *Low water use landscaped area* is defined as an area of land of at least one acre that is watered by a permanent water application system and is planted primarily with plants listed in TMP Appendix 5-L. The vegetative covering at maturity must cover at least 50 percent of the area. *Total water surface area* means the total surface area of all bodies of water that are an integral part of the water-intensive landscaped area of a turf-related facility.

You should be aware that your allotment could change if the landscaping at the facility changes. Please contact the Department if there are any alterations at your facility.

If you believe that the allotments shown above were calculated incorrectly, you may request an ADMINISTRATIVE REVIEW of the calculation. **An application for administrative review must be filed within 90 days after your receipt of this notice.**

If you have any questions regarding your maximum annual water allotment, please contact Ryan Jackisch at 602-771-8512.

Sincerely,
