To Whom It May Concern,

We are unable to submit a complete set of Well Worksheets for the wells we utilize on the property in Rainbow Valley. We were able to test 5 of the 7 wells at the farm in 2015. However, due to electrical issues, we were unable to test one. The seventh well never ran. Therefore, we have incomplete well performance data on all wells. Per Amy Levy's approval, we are utilizing the Consumptive Use rates, and a farm efficiency of 70% to complete the 2015 reports.

The affected rights are listed below:

A spreadsheet containing right #, calculations for water used (AF), and withdraw fee are included as well. At the bottom of the spreadsheet is a total amount owed.
