Gentlemen:

The Department of Water Resources issued drilling authority approximately 24 months ago for the well referenced by our file number on the label at the top of the form.

Our records show that this well has been drilled. The file does not contain a Completion Report that specifies the pump equipment installed.

There is no time limit by which you must install the pump equipment. However, if pump equipment has been installed, the law requires that a Completion Report be furnished to the well file.

If you have not as yet installed pump equipment, this is to advise that this letter constitutes the last reminder from this Department and that when you do install the equipment of your requirement to furnish the the required Completion Report per Arizona Revised Statute 45-600.

Please contact this office if further assistance or information is required.
