 NOTICE OF INTENTION TO DRILL OR DEEPEN McDowell § 46st.
 AN EXEMPT WELL

EXEMPT WELL

Section 45-596, Arizona Revised Statutes, provides: A person may not drill or cause to be drilled any well or deepen or replace an existing well without first filing a Notice of Intention to Drill with the Department on a form prescribed and furnished by the Department. The well shall be completed within one year after the date of Notice. An exempt well means a well having a pump with a maximum design capacity of not more than 35 gallons per minute which is used to withdraw groundwater. An exempt well may include the non-commercial irrigation of not more than 1 acre of land.

Dear Well Owner:

Enclosed for your records is a copy of the Notice of Intention to drill a well which was recently filed with this Department. This is returned to you as evidence of compliance with ARS 45-596. Also enclosed is a Completion Report to be submitted when pump equipment is installed. Your driller has been mailed separately a Well Drilling Card and a Well Drilling Report form.

In the event that you determine it necessary to change the location of the proposed well, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling. A properly signed amended drilling card must be in the possession of the driller before drilling commences at a different location than originally authorized.

ARS 45-600 requires the registered well owner to submit a completion report within 30 days after the installation of pumping equipment. It also requires the driller to furnish this Department a complete and accurate log of the well within 30 days after completion of drilling. You should insist and ensure that both of these are done.

For your future use, a Change of Well Information form is enclosed should it become needed. Per ARS 45-593, the person to whom a well is registered shall notify this Department of a change in ownership of the well and/or information pertaining to the physical characteristics of the well in order to keep the well registration file current and accurate.

Sincerely,

Richard A. Gessner

Dear Mr. Gutierrez:

In response to the Weekly Progress Report Logs submitted to the Department on the above referenced wells. These forms would be adequate for multiple wells within your permit area, however, these wells are not within your permit area and the Department will require a regular completed Log of the well. I have enclosed forms for this purpose.

If you install pump equipment, a Completion Report is required, or if you are going to abandon any of these wells, a Notice of Abandonment form has to be submitted to this Department.

If you have any questions, please contact me at the above address or call 255-1581.

Sincerely,
