PHOENIX, AZ 85003

MAR - 6 2002

4. Owner of the Land:

Name City of Phoenix
Address 200 W Washington
City/State/Zip PHX AZ 85003

5. Well Description: 39.2 18 Steel
Hole Depth Diameter Type of Casing

6. Reason for Abandonment:

not in use
New Construction

7. Prior to abandonment, did the well have 20' of steel surface casing AND 20' of grout in the annular space surrounding the surface casing? Yes X No

8. If the answer to No. 7 is no, was the top 20' of casing removed prior to setting the cement plug? Yes No

9. Identify the materials and methods used to abandon the well: filled with neat cement from bottom to top

10. Is this Abandonment Completion Report filed in accordance with R12-15-816, F.? Yes No X

11. How deep does the cement plug extend below land surface? 39.2 ft

12. Was the well backfilled above the cement plug? Yes X No

13. Date abandonment completed: 2-11-02

DATE 2-11-02 SIGNATURE OF WELL DRILLER [Signature]

Address 8005 W. Patrick Ln City Peoria State AZ Zip 85383

I state that this Notice is filed in compliance with A.R.S. §45-594 and A.A.C. R12-15-816 and is complete and correct to the best of my knowledge and belief.

16. Signature of Well Owner: [Signature] Date 10/3/01

APPLICATION GUIDELINES

In accordance with Arizona Revised Statutes ("A. R. S.") §§ 41-1008 and 1079, the Department of Water Resources ("Department") provides the following information regarding the application review process.

Necessary Steps and Instructions to Obtain Abandonment Authority

1. Pursuant to Arizona Administrative Code ("A.A.C.") R12-15-816, well abandonment must be performed by a licensed well drilling contractor or single well licensee. (A single well licensee is a person given a license by this Department that allows drilling or modification of a single, exempt well on land owned by that person.)
2. Except as described below, a well drilling contractor or single well licensee may commence abandoning a well only if the driller has possession of an abandonment card at the well site, issued by the Department in the name of the driller, authorizing the abandonment of a specific well or wells in a specific location. Upon approval of the application, the Department will mail an Abandonment Authorization Card to the designated well drilling contractor or single well licensee. To assist you in understanding the substantive requirements for this application, copies of A.R.S. § 45-594 and Arizona Administrative Code ("A.A.C.") R12-15-816 are available at the Department Book Store.
3. Information to complete items 1, 2 and 3 may be available from your county tax receipt, your County Assessor's Office or the Notice of Intent to Drill.
4. Information to complete items 4, 7, 8, 9 and 10 are available from your Notice of Intent to Drill or our Records Division at (602)417-2405.
5. Information to complete items 11, 13 and 15 should be available from your driller.
6. Submit **two original Notices**, each signed by the owner, to P.O. Box 458, Phoenix, Arizona, 85004-0458, or hand deliver to 500 North Street, Phoenix, Arizona. If an individual other than the owner signs these notices, an original, **notarized** letter of authorization from the owner must accompany the Notices. **No fee is required to process this application.**

Time Frames for Review of Your Application

Within thirty (30) days after receipt of your application, the Department will determine whether your application should be granted or denied, unless this time is extended as described below. In processing your application, the Department will first determine whether the application is administratively complete (administrative completeness review), and then whether the application meets the substantive criteria established by statute or rule (substantive review). Each of these reviews will be completed within the times stated below. The time for the administrative completeness review plus the time for the substantive review is referred to as the overall time frame.

1) Administrative Completeness Review Time Frame

Within fifteen (15) days after receipt of your application, the Department will determine whether your application is complete, and will issue a written notice of administrative completeness or deficiencies. After your application is complete, the Department will proceed with substantive review.

If the Department sends you a letter that your application is incomplete, the Department will include a comprehensive list of specific deficiencies. Until the missing information is received, both the administrative completeness review and the overall time frames will be suspended. When the Department receives the missing information, the administrative completeness review and overall time frames will resume. Your application will not be complete until all of the requested information is received. If you do not supply the missing information within sixty (60) days, the Department may deem your application withdrawn and close the file.

2) Substantive Review Time Frame

Within fifteen (15) days after the application is complete, the Department will review your application to determine whether it meets the substantive criteria required by statute or rule. By mutual written agreement between you and the Department, the time for substantive review may be extended by up to seven days.

During the substantive review, the Department may make one written request for additional information. You may also agree in writing to allow the Department to submit supplemental requests for additional information. If additional information is requested by the Department, both the substantive review and overall time frames will be suspended. When the additional information is received, the substantive review and overall time frames will resume.

At the end of the Department's substantive review, the Department will send you a written notice either granting or denying your application. If your application is denied, the notice will include the justification for the denial and an explanation of your right to appeal the denial.

Construction and Follow Up Requirements

1. Construction standards for abandonment must be in accordance with Department Rules.
2. Within thirty (30) days after abandonment, the well drilling contractor or single well licensee must file a Well Abandonment Completion Report with the Department.
3. The owner or operator of the well must also notify the Department in writing no later than thirty (30) days after abandonment has been completed. The notification should include the well owner's name, location of the well and the method of abandonment.
4. In course of drilling a new well, the well may be abandoned without an abandonment card. However, a Well Abandonment Completion Report must still be filed with the Department.
5. If an unregistered, open well is discovered within thirty (30) days of a change of ownership of real property, the new owner must notify the Department in writing within that thirty day period. This form will serve to register the well when properly abandoned and reported. Thereafter, the existence of any discovered open wells must be reported within ten days after discovery. A.R.S. § 45-593(D).

Re: Notice of Intent to Abandon Nine Wells
Registration Numbers 55-502782 through 55-508787 and 55-510062, 55-529471, and
55-502780

Dear Sir or Madam:

The Arizona Department of Water Resources received your request dated November 8, 2001 for abandonment of nine wells located in Maricopa County.

The Department has reviewed the above referenced application to determine if the application meets the substantive requirements of A.R.S. §45-594 and A.A.C. R12-15-820. Pursuant to A.R.S. §41-1075, the Department has determined that additional information is required and is being requested through Layne Christensen Company.

The following information must be submitted before the Department can complete its review.

- Materials and methods to be used to abandon the wells.

Failure to submit the information requested within 62 days may result in the denial of the application. The Department's substantive review time frame is suspended until all of the requested information is provided.

If you have any questions, please contact Bruce Hammett of my staff at 602-417-2400 extension 7301.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank Corkhill".

Registration No. 55-502784

File No. A(1-1) 27 BCC

Dear Applicant:

Enclosed is a copy of the Notice of Intent (NOI) to Abandon a Well. This NOI, which was recently filed with this Department is being returned to you as evidence of your compliance with ARS § 45-594; R12-15-816. The enclosed Well Owners Notification of Abandonment is to be submitted when the well has been properly abandoned. The Well Abandonment Card and Abandonment Completion Report forms have been sent to your driller. He may not begin abandonment until he has received the Well Abandonment Card. If you change drillers, you must supply this Department with the new driller's identity. Well abandonments shall be performed only by a licensed well drilling contractor or single well licensee.

ARS §45-594; R12-15-816(K) requires the registered well owner to submit a Well Owners Notification of Abandonment form within thirty (30) days after the abandonment of the well. It also requires the driller to furnish this Department a complete and accurate Well Abandonment Report within thirty (30) days after completion of abandonment. You should insist, and ensure, that both of these are done.

Sincerely,

A handwritten signature in cursive script, appearing to read "S. Valdez".

COMPLETION REPORT

- 1 Completion Report to be filed with the Department within 30 days after installation of pump equipment
- 2 The tested pumping capacity of the well in gallons per minute for a non-flowing well should be determined by measuring the discharge of the pump after continuous operation for at least 4 hours and for a flowing well by measuring the natural flow at the land surface
- 3 Drawdown of the water level for a non-flowing well should be measured in feet after not less than 4 hours of continuous operation and while still in operation and for a flowing well the shut-in pressure should be measured in feet above the land or in pounds per square inch at the land surface
- 4 The static groundwater level should be measured in feet from the land surface immediately prior to the well capacity test

AN EXEMPT WELL

EXEMPT WELL #5

Section 45-596, Arizona Revised Statutes, provides. A person may not drill or cause to be drilled any well or deepen or replace an existing well without first filing a Notice of Intention to Drill with the Department on a form prescribed and furnished by the Department. The well shall be completed within one year after the date of Notice. An exempt well means a well having a pump with a maximum design capacity of not more than 35 gallons per minute which is used to withdraw groundwater. An exempt well may include the non-commercial irrigation of not more than 1 acre of land.

Dear Well Owner:

A copy of Notice of Intention to Drill a Well is returned to you for your records. Your driller has been mailed separately a Well Drilling Card, Well Drilling Report, and a Completion Report.

ARS 45-600 requires the driller to furnish this Department a complete and accurate log of the well within 30 days of completion of drilling, and a Completion Report within 30 days after installation of pumping equipment.

Also enclosed for your future use is a Change of Well Information Form. Per ARS 45-593, the person to whom a well is registered shall notify this Department of a change in ownership of the well and information pertaining to the physical aspects of the well to keep the well registration record current and accurate.

In the event it is necessary to change the location of the proposed well, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling.

Very truly yours,

Richard A. Gessner
