Dear Well Owner:

A copy of Notice of Intention to Drill a Well is returned to you for your records. Your driller has been mailed separately a Well Drilling Card, Well Drilling Report, and a Completion Report.

ARS 45-600 requires the driller to furnish this Department a complete and accurate log of the well within 30 days of completion of drilling, and a Completion Report within 30 days after installation of pumping equipment.

Also enclosed for your future use is a Change of Well Information Form. Per ARS 45-493, the person to whom a well is registered shall notify this Department of a change in ownership of the well and information pertaining to the physical aspects of the well to keep the well registration record current and accurate.

In the event it is necessary to change the location of the proposed well, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling.

Very truly yours,

Richard A. Gessner
Chief, Records Section

Gentlemen:

The Department of Water Resources issued drilling authority approximately 18 months ago for the well referenced by our file number on the label at the top of this form. Our records show that this well has been drilled, but that we have not received the Completion Report which reports the pump equipment installed. Completion Report forms were furnished to your driller at the time drilling authority was issued.

While there is no time limit during which you must install pumping equipment, if that installation has occurred, we would appreciate the Completion Report in order to bring the well into full compliance with the law.

If any action is required by you at this time, please contact this office if further assistance or information is required.

Sincerely,

W. Don Maughan
Deputy Director
