COMPLETION REPORT

1. A Completion Report is to be filed with the Department within 30 days after installation of pump equipment.
 2. The tested pumping capacity of the well in gallons per minute for a nonflowing well should be determined by measuring the discharge of the pump after continuous operation for at least four hours and for a flowing well by measuring the natural flow at the land surface.
 3. Drawdown of the water level for a nonflowing well should be measured in feet after not less than four hours of continuous operation and while still in operation and for a flowing well the shutin pressure should be measured in feet above the land or in pounds per square inch at the land surface.
- 1/28/80 J. Swartz*
4. The static groundwater level should be measured in feet from the surface immediately prior to the well capacity test.

Gentlemen:

The Department of Water Resources issued drilling authority a year ago for the well referenced by our file number on the label at the top of this form. Our records show that this well has not yet been completed.

If it is your intention to complete the well, this is to advise that you must refile to do so. If the well has been completed, we require submission of the Log of the Well and the Completion Report. These forms were furnished at the time drilling authority was issued.

ARS 45-600 requires the driller to furnish a complete and accurate log within 30 days of completion of the drilling and a Completion Report within 30 days after the installation of pumping equipment in the well.

Specifically, if the well has been completed, we need the following report(s) to bring the well into full compliance with the law:

1. _____ Log of the well,
2. Completion Report.

We will appreciate your immediate assistance in this regard. Please contact this office if further assistance or information is required.

Sincerely,

W. Don Maughan
Deputy Director

Dear Well Owner:

This copy of Notice of Intention to Drill Well is returned to you for your records. Your driller has been mailed separately a Well Drilling Card, Well Drilling Report, and Completion Report.

A.R.S. 45-600 requires the driller to furnish this Department a complete and accurate log of the well within 30 days of completion of drilling, and a Completion Report within 30 days after installation of pumping equipment.

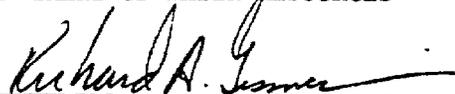

Also enclosed for your future use is a Change of Well Information Form. Per A.R.S. 45-593, the person to whom a well is registered shall notify this Department of a change in ownership of the well and information pertaining to the physical aspects of the well to keep the well registration record current and accurate.

In the event it is necessary to change the location of the proposed well, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling.

Very truly yours,

DEPARTMENT OF WATER RESOURCES
