Review Sheet for Notices of Intention (NOI) to Drill or Abandon Wells (Updated 05/13/2003)

Well Owner Name City of Phoenix Date 6-4-03
Well Location AG2-2722 CDB Well Registration Number 55-514562

checkbox

Permission has been granted to drill, deepen, replace, modify or abandon the well indicated on the attached NOI.

checkbox with X

Permission has been granted to drill or abandon the well indicated on the attached NOI.

However, special well construction or abandonment requirements apply since the proposed well is located near or within the boundary of a groundwater contamination site. See attached special requirements or visit the ADWR "WQARF" homepage on the ADWR website at http://www.water.az.gov/ for further information on "Special well drilling requirements for wells located within areas of groundwater contamination". Please be aware that groundwater produced from the proposed well may not meet applicable federal, state, county or local water quality standards.

SPECIAL REQUIREMENTS

The checked special well drilling requirements apply to the indicated well (see attachments):

- Standard Special Requirements (applies to contamination areas not covered by site-specific requirements)
Pinal Creek Special Requirements
Yuma Marine Corps Air Station Special Requirements
Well Abandonment Handbook (see Standard Method or Alternatives 2 or 3)

WQARF

checkbox

Permission has not been granted to drill or abandon the well indicated on the attached NOI for the following reason(s):

checkbox

Insufficient filing fee submitted*. Your check for \$ is being returned to you. You must resubmit this review sheet, the attached NOI form (with any changes indicated below) and a check for the appropriate fee, which is \$.

*NOI filing fees were increased on May 7, 2003. The appropriate filing fee for a well located within an AMA or INA is \$150. For a well not located within an AMA or INA, the fee is \$50 if the well will be used solely for domestic purposes and will have a pump with a maximum capacity of not more than 35 gallons per minute. Otherwise the fee is \$150.

checkbox

County or local health official endorsement and approval is required but was not provided.

checkbox

Insufficient information to determine if well meets 100-foot setback requirement. Well owner must sign and return the attached certification form if well meets 100-foot minimum set-back requirement.

checkbox

Incomplete or incorrect well location information.

checkbox

Incomplete or incorrect well owner information.

checkbox

Land owner permission to drill letter is required.

checkbox

Proposed well is located within 100 feet of a septic system, sewer disposal area, landfill, hazardous waste materials or petroleum storage area or tank.

checkbox

Well driller information incomplete.

checkbox

Well driller is not currently licensed with ADWR and/or the Registrar of Contractors.

checkbox

Well construction information is incomplete, you must include design pump capacity (if applicable), well depth, well diameter and type of casing (if applicable).

checkbox

Well abandonment information is incomplete, you must include information on proposed well abandonment design (see ADWR Well Abandonment Handbook)

checkbox

Well owner or landowner information and/or signature incomplete or incorrect.

checkbox

Variance request has not been granted. Explanation:

checkbox

Other

If permission to drill or abandon the specified well has not been granted, please correct all indicated errors and/or deficiencies and resubmit the corrected NOI form, this review sheet, and any attachments (if applicable) to ADWR. Unless stated above, no additional fees are required to resubmit this NOI. Be sure to submit all necessary information with your corrected NOI. The original NOI file will not be reviewed when ADWR reviews your corrected NOI. You must resubmit all the required information within 60 days, or you will need to file a new NOI with a new fee. Note: If you do not have the necessary information or need help, please contact your driller/consultant.

Date 7-27-03
Well Registration Number 55-514562

SPECIAL REQUIREMENTS

Permission has been granted to drill, deepen, enlarge, modify or abandon the well indicated on the attached NOI.

Permission has been granted to drill or abandon the well indicated on the attached NOI. However, special well construction or abandonment requirements apply since the proposed well is located near or within the boundary of a groundwater contamination site. See attached special requirements or visit the ADWR "WQARF" homepage on the ADWR website at <http://www.water.az.gov/> for further information on "Special well drilling requirements for wells located within areas of groundwater contamination". Please be aware that groundwater produced from the proposed well may not meet applicable federal, state, county or local water quality standards.

The checked special well drilling requirements apply to the indicated well (see attachments):

- Standard Special Requirements (applies to contamination areas not covered by site-specific requirements)
- Pinal Creek Special Requirements
- Yuma Marine Corps Air Station Special Requirements
- Well Abandonment Handbook (see Standard Method or Alternatives 2 or 3)

Permission has not been granted to drill or abandon the well indicated on the attached NOI for the following reasons(s):

- County or local health official endorsement and approval is required but was not provided.
- Insufficient information to determine if well meets 100-foot setback requirement. Well owner must sign and return attached certification form if well meets 100-foot minimum set-back requirement.
- Incomplete or incorrect well location information.
- Incomplete or incorrect well owner information.
- Land owner permission to drill letter is required.
- Proposed well is located within 100 feet of a septic system, sewer disposal area, landfill, hazardous waste materials or petroleum storage area or tank.
- Well driller information incomplete.
- Well driller is not currently licensed with ADWR and/or the Registrar of Contractors.
- Well construction information is incomplete, you must include design pump capacity (if applicable), well depth, well diameter and type of casing (if applicable).
- Well abandonment information is incomplete, you must include information on proposed well abandonment design (see ADWR Well Abandonment Handbook)
- Well owner or landowner information and/or signature incomplete or incorrect.
- Variance request has not been granted. Explanation: _____
- Other _____

If permission to drill or abandon the specified well has not been granted, please correct all indicated errors and/or deficiencies and resubmit the corrected NOI form, this review sheet, and any attachments (if applicable) to ADWR. No additional fees are required to resubmit this NOI. Be sure to submit all necessary information with your corrected NOI. The original NOI file will not be reviewed when ADWR reviews your corrected NOI. You must resubmit all the required information within 60 days, or you will need to file a new NOI with a new fee. Note: If you do not have the necessary information or need help, please contact your driller/consultant.

Registration No. 55-514562
File No. A(2-2) 22 CDB

Dear Applicant:

Enclosed is a copy of the Notice of Intent (NOI) to Abandon a Well. This NOI, which was recently filed with this Department is being returned to you as evidence of your compliance with ARS § 45-594; R12-15-816. The enclosed Well Owners Notification of Abandonment is to be submitted when the well has been properly abandoned. The well abandonment card and Abandonment Completion Report forms have been sent to your driller. He may not begin abandonment until he has received the well abandonment card. If you change drillers, you must supply this Department with the new driller's identity. Well abandonments shall be performed only by a licensed well drilling contractor or single well licensee.

ARS §45-594; R12-15-816(K) requires the registered well owner to submit a Well Owners Notification of Abandonment form within thirty (30) days after the abandonment of the well. It also requires the driller to furnish this Department a complete and accurate Well Abandonment Report within thirty (30) days after completion of abandonment. You should insist, and ensure, that both of these are done.

Sincerely,

A handwritten signature in cursive script that reads "Bruce A. Hammett".

BRUCE BABBITT, Governor
WESLEY E. STEINER, Director

Dear Well Owner:

Enclosed for your records is an annotated copy of the Notice of Intention to Drill an exploration well which was recently filed with this Department. This is returned to you as evidence of compliance with A.R.S. §45-596. Your designated driller has been mailed separately a Well Drilling Card which he is required to have in his possession before commencing to drill the well.

Since this well is being drilled as a monitor well, or for cathodic protection, grounding, geotechnical or piezometer purposes, our standard driller report form is also being furnished to the driller which he is required to complete and return to the Department within 30 days after the completion of drilling. A Completion Report form is being furnished for monitor wells where pump equipment is authorized to be installed as part of this packet so that you may submit the report within 30 days after the installation of pumping equipment on a monitor well as required by A.R.S. §45-600.

This well is authorized to be drilled for mineral exploration purposes. Because of this, no pump equipment may be installed. A Project Completion Report is being furnished your designated driller for each hole to be drilled. Your driller is required to submit this Project Completion Report within 30 days after completion of drilling. You should insist that this is done.

For monitor, geotechnical, cathodic protection, grounding and piezometer wells, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling in the event that you determine it necessary to change the location of the proposed well. A properly signed amended Drilling Card must be in the possession of the driller before drilling commences at a different location than originally authorized.

For your future use, a Change of Well Information form is enclosed should it become needed. Per A.R.S. §45-593, the person to whom a well is registered shall notify this Department of a change of ownership of the well and/or information pertaining to the physical characteristics of the well, including abandonment, in order to keep the well registration file current and accurate.

Sincerely,

R. A. Gessner

Re: Request for Variance

Ref. No. 2176J181

Dear Sirs:

The City of Phoenix has contracted with us to install 7 pizometers at the N.W. Service Center. The location services City of Phoenix vehicles and has heavy traffic. We request a variance on the seven wells to include the following:

- The well be completed flush with the ground surface with a water tight vault and a 2' x 2' x 6" concrete pad.
- That the requirement for a 20' steel surface casing be deleted.

We thank you for your consideration.

Sincerely,

WESTERN TECHNOLOGIES INC.

Re: Request for Variance

Dear Mr. Escamillo:

We are in receipt of your letter dated June 9, 1986 requesting a construction variance for 7 piezometer wells. This letter constitutes our approval as described below.

The requirement to incorporate 20 feet of steel surface casing with 1 foot extending above grade is waived. Instead, 2" PVC casing may be used with the required grout seal, and the casing may terminate below ground level with a steel water tight vault constructed around the well. Also, a water tight cap shall be provided for the 2" P.V.C. casing.

If you have any questions, please call me.

Sincerely,

Robert K. Fifield
