Gentlemen:

The Department of Water Resources issued drilling authority a year ago for the well referenced by our file number on the label at the top of this form. Our records show that this well has not yet been completed.

If it is your intention to complete the well, this is to advise that you must refile to do so. If the well has been completed, we require submission of the Log of the Well and the Completion Report. These forms were furnished at the time drilling authority was issued.

ARS 45-600 requires the driller to furnish a complete and accurate log within 30 days of completion of the drilling and a Completion Report within 30 days after the installation of pumping equipment in the well.

Specifically, if the well has been completed, we need the following report(s) to bring the well into full compliance with the law:

1. _____ Log of the well,
2. Completion Report.

We will appreciate your immediate assistance in this regard. Please contact this office if further assistance or information is required.

Sincerely,

W. Don Maughan
Deputy Director

NOTICE OF INTENTION TO DRILL WELL

EXEMPT

LAND DEPARTMENT
WATER DIVISION
STATE OF ARIZONA

By Law, no person shall drill, or cause to be drilled, any well for the development and use of Ground Water in Arizona without first filing Notice of Intention to Drill with the State Land Department. The only exceptions are for those irrigation wells within critical Ground Water areas for which Drilling Permits are required. No well shall be drilled by other than the owner without the driller being licensed with the Registrar of Contractors. The driller's license number must be included before the State Land Department will process the filing.

Dear Well Owner:

This copy of Notice of Intention to Drill Well is returned to you for your records. Your driller has been mailed separately a Well Drilling Card, Well Drilling Report, and Completion Report.

A.R.S. 45-600 requires the driller to furnish this Department a complete and accurate log of the well within 30 days of completion of drilling, and a Completion Report within 30 days after installation of pumping equipment.

Also enclosed for your future use is a Change of Well Information Form. Per A.R.S. 45-593, the person to whom a well is registered shall notify this Department of a change in ownership of the well and information pertaining to the physical aspects of the well to keep the well registration record current and accurate.

In the event it is necessary to change the location of the proposed well, you should obtain the written permission of the Department of Water Resources before proceeding with the drilling.

Very truly yours,

DEPARTMENT OF WATER RESOURCES
